Playdough Mats

Simply print the sheets below, laminate (or clear tape) and let the littles have fun filling the eggs with play dough.

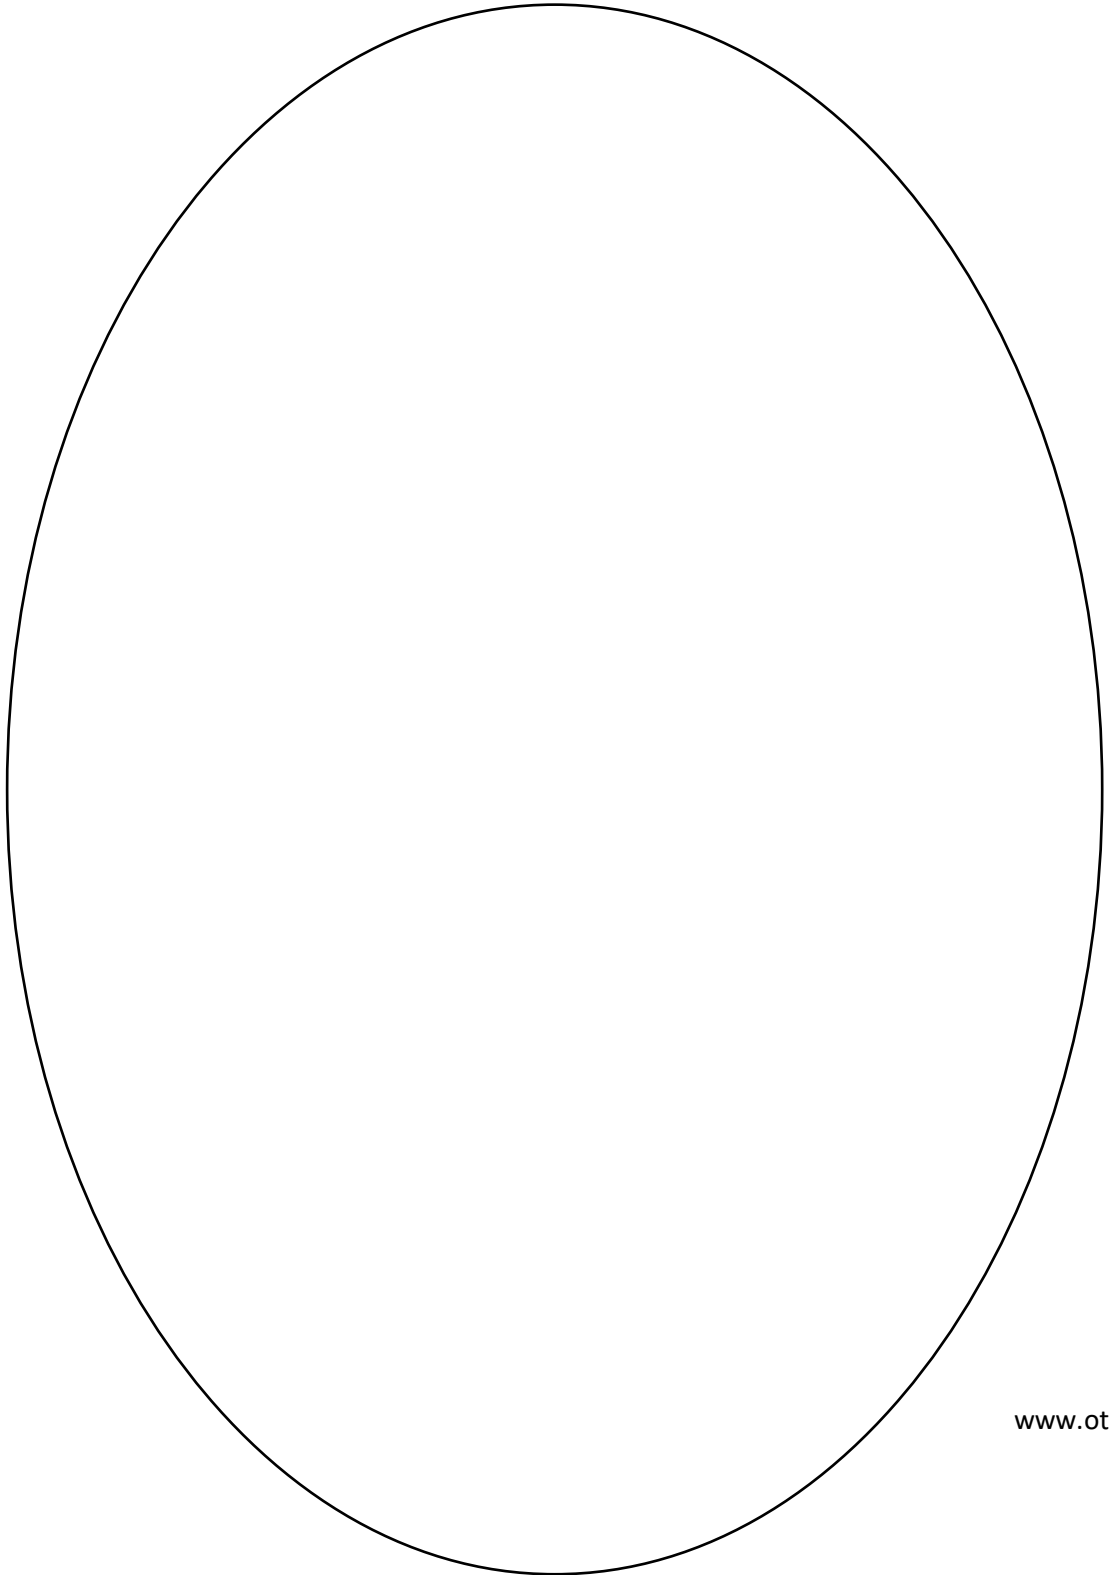

Playdough mat or a puzzle activity

Enjoy creating your own design with some Playdough

Oval

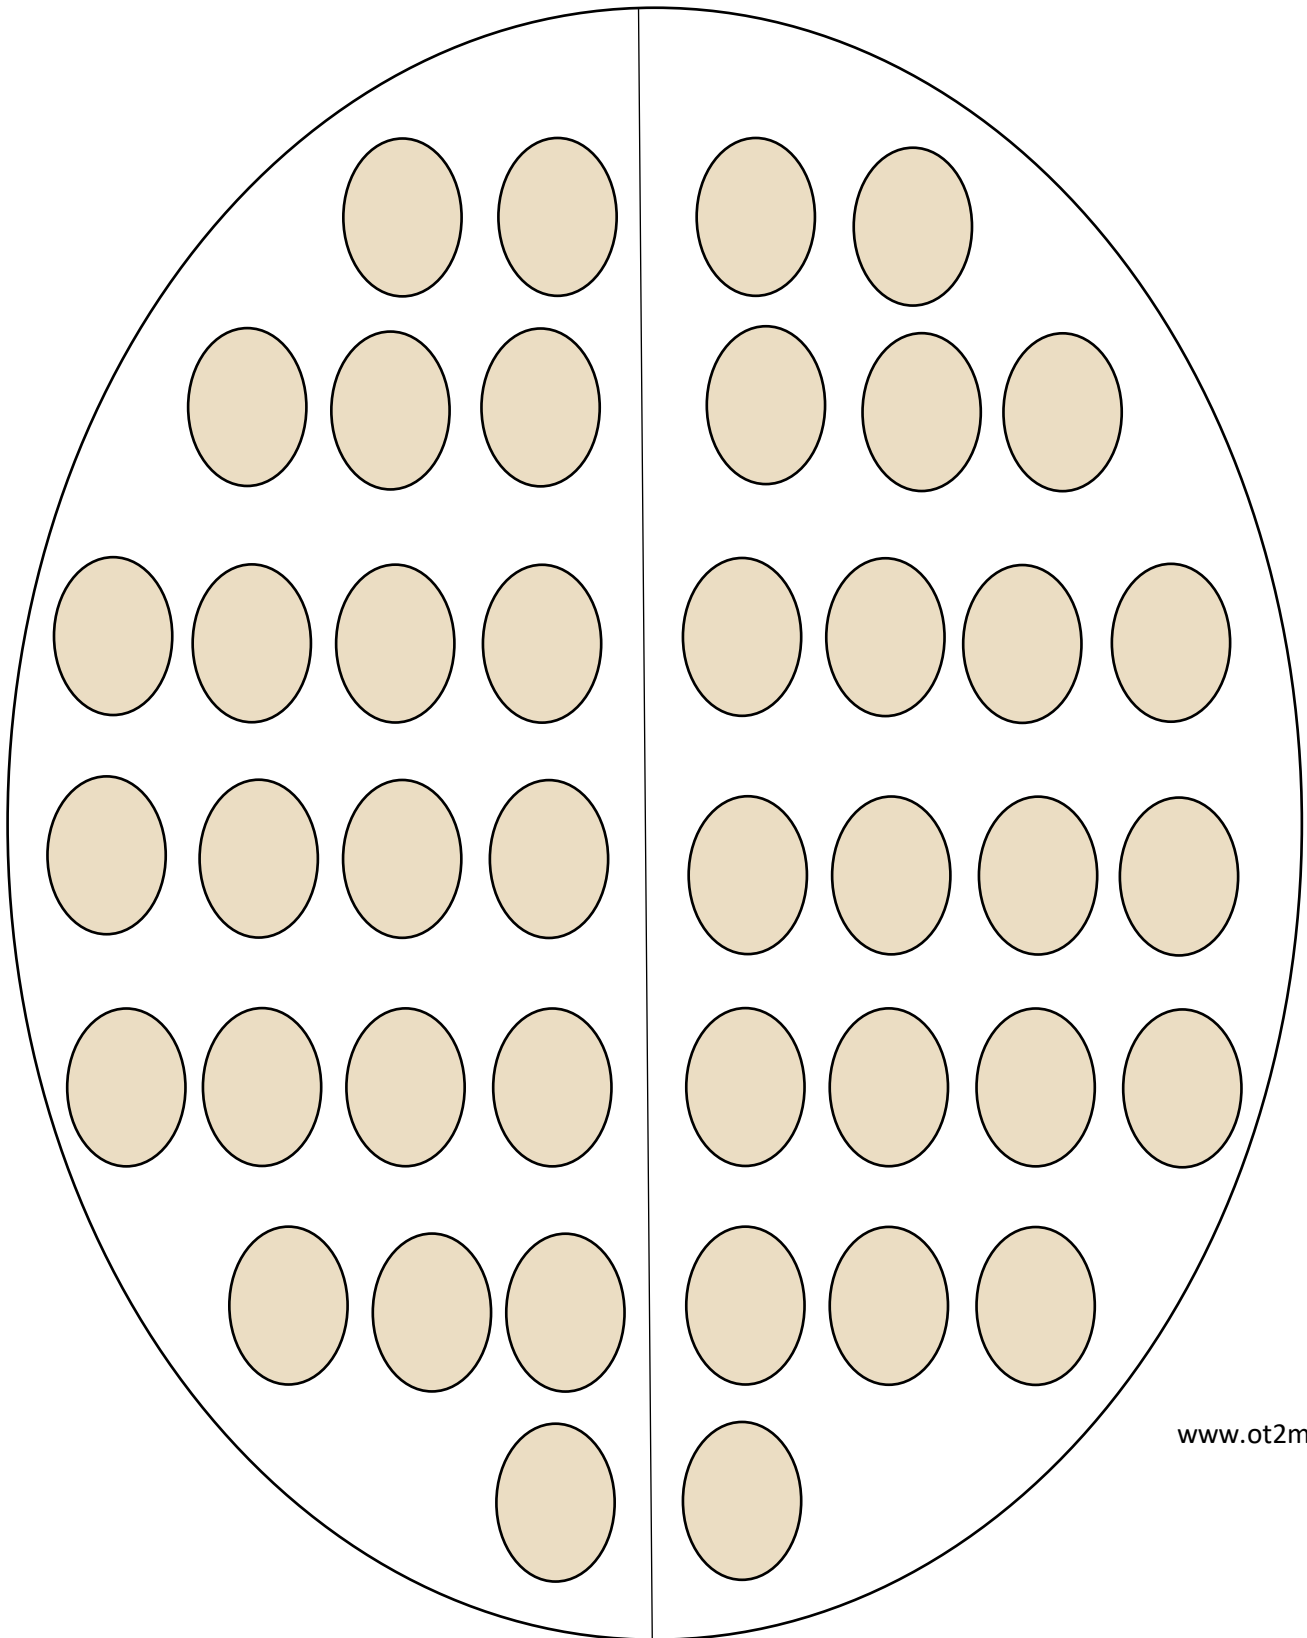

Fill the eggs with some play dough and make your own too.

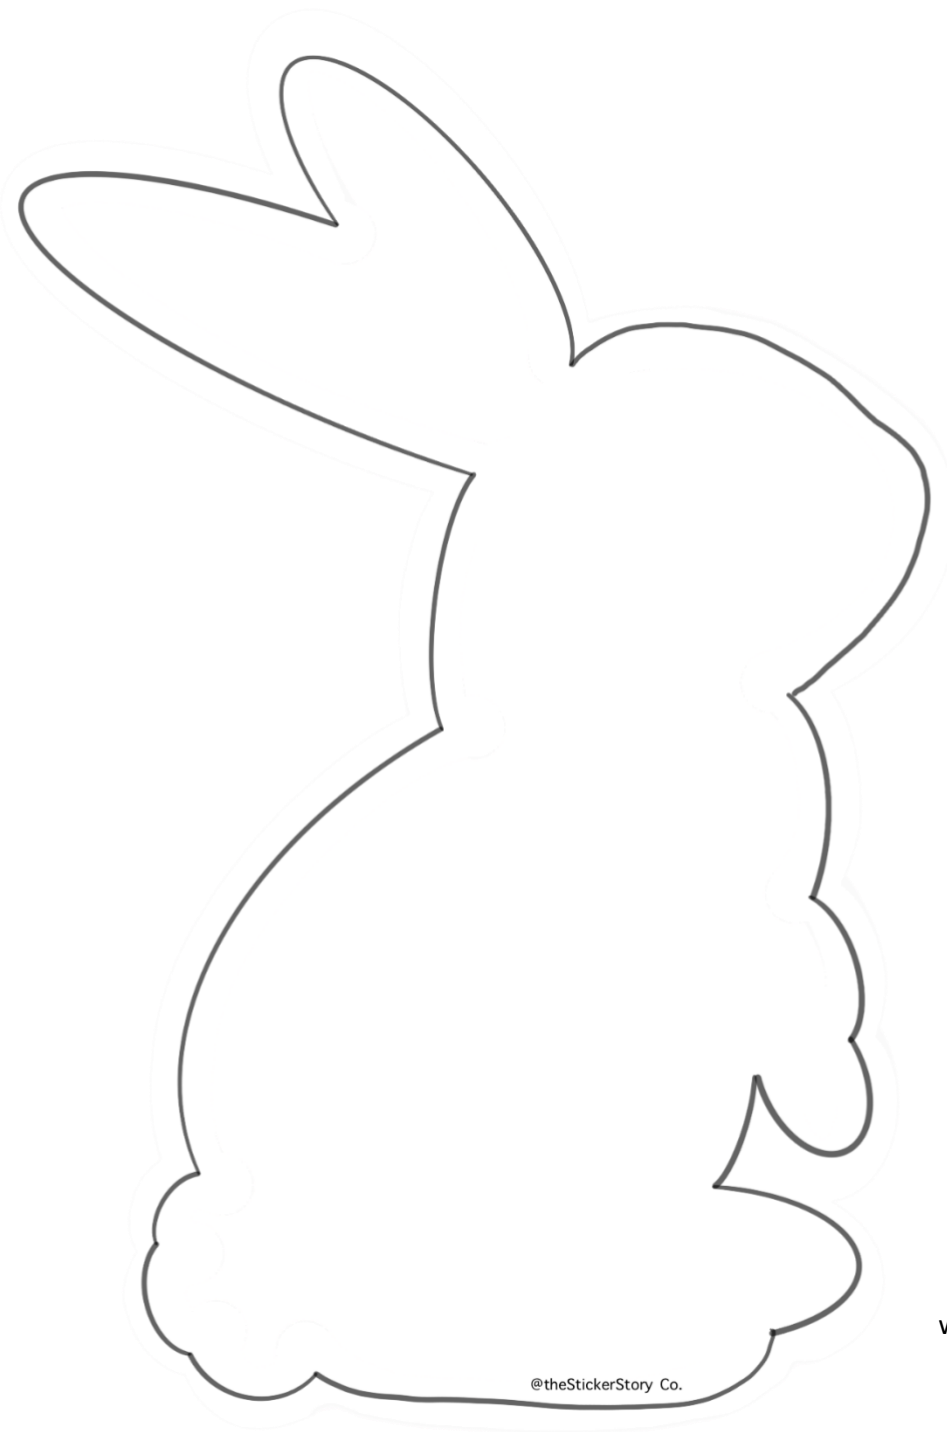

Symmetry Eggs

Fill the circles on one side of the egg only, using any stickers or different colour playdough to create a pattern sequence on one side. Let your little one complete the opposite side of the egg by matching & making it symmetrical.

Some Bunny Loves you

Fill the Easter bunny with non – toxic craft glue or Pritt and use cotton balls to dab the bunny until the entire bunny is fluffy. This is a great keepsake art piece and you can practically use any filler, from grass to dyed egg shells, cotton balls, etc.
